ADMINISTRATIVE TRAINING WORKSHOP

In October of 2007, we implemented a training workshop for all participating employers. The attendance at last fall’s workshop was outstanding. With such a great response from our employers, we have again decided to host a training workshop in Baton Rouge on Tuesday, October 7, 2008 at the Marriott Hotel. This session is designed specifically for those who work with the retirement system in your parish or agency. This training is not appropriate for employees with questions on their own retirement.

At the time this newsletter went to print, we had over 40 attendees registered for this year’s workshop. For those of you who have not registered, a registration form is included on page 3 of this newsletter. Each attendant must complete a registration form in order for us to prepare for the correct number of attendees on October 7, 2008. Information on hotel rooms for the night of October 6, 2008 is included on the registration form as well as a tentative agenda.

Questions concerning the administrative workshop should be directed to Dainna Tully at (225)928-1361.

UPDATE ON PROPOSED FEDERAL LEGISLATION TO REPEAL WEP & GPO

In our April issue of PERS News, we provided a list of bills in Congress which would address a repeal or a revision to the Windfall Elimination Provision (WEP) and/or the Government Pension Offset (GPO) which is applied by the Social Security Administration to retirees who participated in a governmental defined benefit plan like our Parochial Plan A. Although there is widespread support of these bills, the cost of amending or eliminating these provisions seems to be the reason this legislation stalls each year. According to a recent estimate, undoing WEP and GPO could cost as much as $80 billion dollars.

It is important to educate your congressman on the affects of WEP and GPO. Although a repeal may not be possible, a revision that would lessen the offset could help so many. Our office will continue to keep you informed on legislation introduced in this area.

CONTRIBUTION RATE CHANGES EFFECTIVE JANUARY 2009

As previously announced in our July 2008 PERS News, the employer rate in Plan A will be 12.25% effective January 1, 2009. The Plan B employer rate will increase slightly to 6.25% effective January 1, 2009. The employee contribution rates for Plan A and Plan B remain unchanged at 9.5% and 3% respectively. Although these rates have been approved by the Board of Trustees, approval by the Public Retirement Systems’ Actuarial Committee (PRSAC) is necessary to make these rates official for 2009. For budgeting purposes, employers are urged to utilize these rates. Our office will notify you as soon as PRSAC has approved the rates for 2009.

SUMMARY OF PRINCIPAL FEATURES

An updated version of the Summary of Principal Features has been sent to the printer. These new summaries will be mailed out to participating employers for distribution to all active members during the month of October. These booklets contain a general summary of the features of both Plan A and Plan B through the 2008 Regular Legislative Session.

THIRD QUARTER CONTRIBUTIONS DUE OCTOBER 15

Forms to be used for remission of quarterly reports have been mailed under separate cover. These forms are also available on our website (www.persla.org) under the Forms tab.

As a reminder, quarterly reports for the third quarter of 2008 are due in the retirement system office on October 15, 2008. This deadline applies to both regular reports and DROP reports. R.S. 11:2014 C states that payments shall be considered delinquent when not received by the system within fifteen days after the close of each fiscal quarter. This statute also provides that a penalty of 1 ½% per month may be assessed on delinquent payments.

Please make certain that your quarterly report is signed by the appointed authority before remitting to our office.

**RETIREESTIMATE REQUESTS:** Those members who are within 3 years of retirement may submit a written request for a retirement estimate. During recent months, our office has received an extremely large number of requests. These requests are processed in the order received; however, it is taking approximately 3 weeks to process a request. Please do not submit second requests to our office if an initial request has been submitted. We ask for your patience and understanding as we strive to service all of our members.

**SUBMISSION OF QUARTERLY REPORT DATA VIA DISK:** Thank you to all who have answered our call to report your quarterly report data on disk or CD. Many retirement systems have mandated the submission of data in this manner; however, our retirement system is working to get all employers with 40 or more employees to submit data in this manner on a voluntary basis. Our office accepts data via an Excel spreadsheet or via download from your current payroll system. Instructions for submitting data in this manner can be found on our website [www.persla.org](http://www.persla.org) under the Forms tab. Submission of data via disk or CD assists our staff in quickly downloading the data contained with your quarterly report. This allows us to process our work more efficiently and decreases the number of errors that can occur in manual posting. Your cooperation in submitting your data via disk or CD is greatly appreciated by our small staff of seven.

**MANDATORY SOCIAL SECURITY COVERAGE:** With the election of a new president, we anticipate that mandatory Social Security coverage for government workers may again appear as a hot topic. Prior proposals for mandatory coverage would have applied only to new hires. However, as time goes on, even a proposal like this would seriously impact a governmental plan like our Plan A. Please continue to educate your congressmen about the negative impact of mandatory Social Security coverage for government workers.

**ORIGINAL FORMS NEEDED:** Our office receives some forms via fax from some participating employers. Please understand that sending a fax copy will not expedite our processing. Original forms are required for enrollments, refunds, retirement and DROP.

**PROPERLY COMPLETED ENROLLMENT FORMS:** Before submitting Personal History forms to our office for newly hired employees, please review the form to make certain that all blanks are properly completed. In addition, please make certain that the form is signed by the member and the appointed authority designated by the parish or agency. In addition, we have noticed that several employers have not been including a copy of SSA-1945 (Statement Concerning Your Employment in a Job Not Covered by Social Security) with the Personal History form. Your help in reviewing this information will alleviate the need to return incomplete forms.

**DID YOU KNOW?**

- The Center for Retirement Research at Boston College published six reports on public pensions and found the following differences between government pension plans and private sector plans:
  - Defined benefit plans are predominant in the public sector; defined contribution plans are predominant in the private sector.
  - Coverage in the public sector is generally universal while in the private sector less than one half of employees are covered.
  - COLA’s are the rule among public plans while COLA’s are virtually unheard of in the private sector.
  - Public plans rely on employee contributions while private plans do not.
